(an alchemization
!! Fashion Zine) !!

FOREWORD —

hey, iake here!

i decided to make this zine for all the characters that didn't get a proper alchemization session—
for the characters who could've had super rad fits.

a bunch of artists came together to make this zine work,
and i'm super grateful to all of them!!
somehow, in the span of less than 20 days,
we managed to band together and put something out
in time for the Zinestuck Jam.

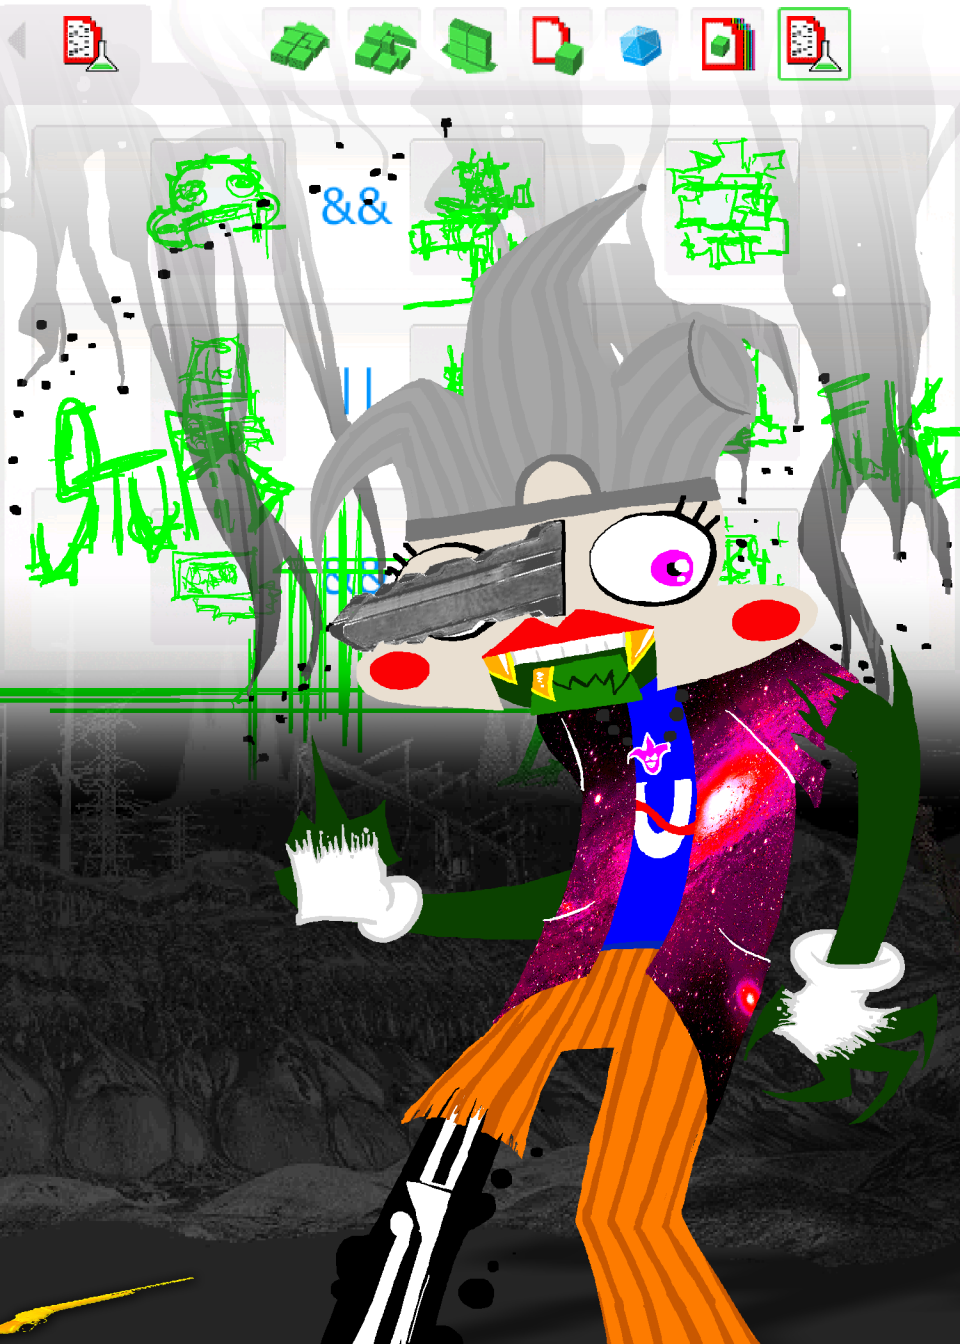

i'm incredibly proud of everybody who participated,
and i can't wait to do this zine again!!

thank you for reading!!

— iake / @expirequiem

P.S: check out the artists who contributed at the end!!
